Phone: +91 9677588220

🎓 Education

M.Tech in Artificial Intelligence, IIT Madras, 2024

📁 Experience

AI Research Intern – Google Research India (May 2024 – Sep 2024)

Worked on natural language processing for document summarization.

Implemented Transformer-based architectures using PyTorch.

🧠 Skills

Python, PyTorch, Hugging Face, NLP, Transformers, Deep Learning, BERT, LSTM, Data Preprocessing, ML Ops

🔧 Projects

Chatbot using Transformers: Fine-tuned a BERT model for intent classification.

Resume Parser: Built using NLP and SpaCy to extract key details.

🌱 Interests

Conversational AI, GenAI applications, and multimodal models.
